

Reading

```
graph TD; Decoding((Decoding)) --> Reading((Reading)); Reading --- LC(Language comprehension);
```

A diagram illustrating the components of reading. It consists of three hand-drawn ovals. The oval at the top is labeled 'Reading' and has a thick black border. The oval at the bottom left is labeled 'Decoding' and has a thin black border. The oval at the bottom right is labeled 'Language comprehension' and has a thick black border. An arrow points from the 'Decoding' oval to the 'Reading' oval. A line connects the 'Reading' oval to the 'Language comprehension' oval.
